A

## OUTSIDE OF ROCKET

← Roll in this direction  
over 1/2" dowel, glue edge, then  
secure with rubber bands until dry.

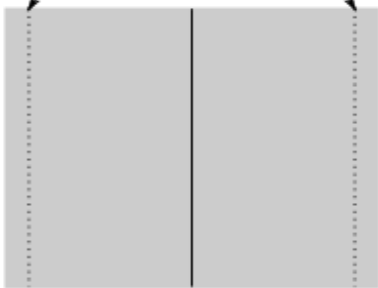

## Launch Guide

Cut a soda straw to 1.5"  
long and glue where shown.

## Fins - make 3 from index or business cards

1.5" high x 2" wide

Score other side  
1/8" from edges

Score this side

Trim to desired shape when dry.  
Fold on score lines, glue sides  
together. The "feet" glue to rocket  
body. Align bottom of fin on this line.

Soda Straw
